

WASTE MATERIAL PROFILE SHEET

* PDF must be opened in Adobe Acrobat for all available functionality

* Enter N/A on required free text fields if intended to be empty

1. Generator Information

Generator
Site Address

Mailing Address

EPA ID #
State ID #
Emergency Phone #

2. Customer BillTo

Customer Bill To

Billing Address

3. Profile Information

Profile Name

4. Disposal Facility (For Office Use Only)

Disposal Facility	Approval # Expiration
Common Name	Date
Active	Re-cert/Change Status
Approval # Status	

5. Generating Process & Material Composition

Profile Description (including chemical/physical description)	Process generating the waste
---	------------------------------

Chemical/Physical/Elemental Constituents (Add additional Chemical Composition to Supplemental)

<u>TRI</u>	<u>Chemical/Physical Composition</u>	<u>CAS#</u>	<u>Typical</u>	<u>Min</u>	<u>Max</u>	<u>Unit Type</u>
------------	--------------------------------------	-------------	----------------	------------	------------	------------------

6. Physical & Chemical Properties

Color	Flash Point	BTU Value
Odor	Flash Point Method	Specific Gravity (lbs/gal)
pH	Viscosity	Phases/Layers
Total Organic Carbon (TOC)	Boiling Point	
Physical State		

Other Properties

Explosive	Radioactive	Thermally Unstable	☐ Shock Sensitive	Pyrophoric
Oxidizer	Water Reactive	Air Reactive	☐ Polymerizable	Polymerizable (Inhibited)
Asbestos Friable	Asbestos Non-Friable	Metal Fines	☐ Organic Peroxides	Dioxins
Furans	NORM	Biohazard/Infectious Waste	☐ Pesticides/Herbicides	NONE
Reactive Cyanides		Reactive Sulfides		

* PDF must be opened in Adobe Acrobat for all available functionality
* Enter N/A on required free text fields if intended to be empty

7. Metals		8. Other Components	
Total (PPM)	TCLP (mg/L)	Total (PPM)	
ARSENIC (As)	SELENIUM (Se)	CYANIDES	PCBs
BARIUM (Ba)	SILVER (Ag)	SULFIDES	PHENOLICS
CADMIUM (Cd)	COPPER (Cu)	AMINES	
CHROMIUM (Cr)	NICKEL (Ni)		
CHROMIUM HEX (Cr ⁺⁶)	ZINC (Zn)		
MERCURY(Hg)	THALLIUM (Tl)		
LEAD (Pb)	OTHER:		
		BTU/lb	
		VALUE	

9. Regulatory Information			
Restricted Under LDR:	< 500 PPM VOC:	UHC's:	Alternative Standards of Soil:
LDR Subcategory-Non Wastewater:		USEPA Hazardous Waste:	State Waste Code Required?
		State Hazardous Waste:	
RCRA Exempt:			
Is the solid waste excluded under §261.4 or exempt from regulations as a hazardous waste?			
Is the waste a listed hazardous waste? (List waste code(s))			
F-Listed per §261.31		Ignitable (D001) per §261.21	
K-Listed per §261.32		Corrosive (D002) per §261.22	
P-Listed per §261.33		Reactive (D003) per §261.23	
U-Listed per §261.33 (f)		Toxic (D004-D043) per §261.24	
Federal Universal Waste:	State Universal Waste:	Used Oil:	Halogen content equal : or greater than 1,000ppm.
Recycle/Reuse?	Product/Co-Product?	TSCA Regulated PCB Waste	
CERCLA Regulated Waste*	Benzene NESHAP Waste*	Halogenated Organic Compound:	
Medical Waste:	EPA Source Code:	Origin Code:	
EPA Form Code:		Determination:	Analysis Date:
Representative Sample Certification:	NO SAMPLE TAKEN		

10. Shipping		
Volume of waste to be shipped:	Frequency:	Is waste a combination package? (e.g. Drum w/ inner containers or skid w/ consumer product cases)
Transportation:		

11. DOT Information
Is this a U.S Department of Transportation (USDOT) Hazardous Material?

* PDF must be opened in Adobe Acrobat for all available functionality
* Enter N/A on required free text fields if intended to be empty

12. Processing Detail (For Office Use Only)

<u>Disposal Facility</u>	<u>Cont Type / Size</u>	<u>WPC</u>	<u>Handling Code</u>	<u>Billing Min Price</u>	<u>Billing Min Price</u>	<u>Billing Basis</u>
--------------------------	-------------------------	------------	----------------------	--------------------------	--------------------------	----------------------

* PDF must be opened in Adobe Acrobat for all available functionality
* Enter N/A on required free text fields if intended to be empty

13. Additional Chemical/Physical/Elemental Constituents

<u>TRI</u>	<u>Chemical/Physical Composition</u>	<u>CAS#</u>	<u>Typical</u>	<u>Min</u>	<u>Max</u>	<u>Unit Type</u>
------------	--------------------------------------	-------------	----------------	------------	------------	------------------

Certification

I hereby certify that all information submitted (including attachments) are complete and accurate and that all known and suspected hazards pertaining to the waste/material described above have been disclosed. I also certify that any samples submitted are representative of the waste/materials described herein. If I am an agent acting on behalf of the generator, I also certify that I have permission to sign any and all waste/material characterization paperwork on generator's behalf and that I can produce such certification in writing upon request.

By issuance of the approval number and in accordance with California Code of Regulations, Title 22, Section 66264.12, PRR hereby certifies that it has the requisite authorization and permits for the waste described on this waste material profile sheet, and is providing herein that it will accept such waste from you for management at its facility in Los Angeles, CA. Approval expires on the expiration date listed in Section 4 above.

PRR samples and completes a fingerprint analysis, and other tests if necessary, on all waste containers and bulk loads received at the facility. Waste will be invoiced based on the actual waste received.
